GENERAL PROGRESS BULLETIN NO. A-4  
NEW ALLOTMENTS

ALABAMA 8023B Pike

South Alabama Electric Membership Corp.,  
Troy, Alabama

Additional allotment of \$310,000 out of a total of \$818,000 requested to build 796 miles of line to serve 2,855 customers. Previous allotments of \$359,000 make a total of \$669,000 now available. Wholesale power may be supplied by the Alabama Power Company.

ILLINOIS 8004B Peoria

Suburban Electric Corporation  
Dunlap, Illinois

Additional allotment of \$97,500 to build 84.7 miles of line to serve 174 customers in Peoria County. Additional customers may be added later. About 97 miles of line have been completed by the Corporation using a loan of \$81,500 from REA.

IOWA 8014B Humboldt

Humboldt County Rural Electric Coop.,  
Humboldt, Iowa

Additional allotment of \$115,000 to complete a 259 mile project begun last year for which \$130,000 was allotted. When brought to its full size, 680 customers will be served in Kossuth, Pocahontas and Humboldt Counties. Construction work is now under way on the first section of the project. Wholesale power will be supplied by a generating plant to be built with REA funds in Pocahontas County.

KENTUCKY 8021B Nelson

Salt River Rural Electric Coop. Corp.,  
Bardstown, Kentucky

Additional allotment of \$97,000 to build 100 miles of line to serve 460 customers. A total of \$412,000 is now available. When brought to its full size, 430 miles will be built to serve over 1,600 customers in Nelson, Washington, Bullitt and Spencer Counties. The first section is now under construction. The source of power has not yet been determined.

MAINE 8002 Penobscot  
Kingman Power Company  
Kingman, Maine

Allotment of \$60,000 to build 61.5 miles of line to serve 386 customers in Penobscot and Aroostook Counties. Wholesale power may be supplied by the Bangor Hydro Electric Company. A similar allotment was made last year but was rescinded because it was found impossible to execute a loan contract before the end of the fiscal year.

MICHIGAN 8026B Ingham  
Tri-County Electric Cooperative  
Eaton Rapids, Michigan

Additional allotment of \$200,000 making a total of \$600,000 now available. The sponsors have requested \$1,535,000 to build 1,386 miles of line to serve 4,225 customers in Ingham, Ionia, Eaton, Calhoun, Branch, Kalamazoo, St. Joseph, Jackson and Berry Counties. Wholesale power will be supplied by the plant of D. G. Miller & Sons. It is expected that construction will begin on the first section of the project within a short time.

NORTH CAROLINA 8023W Caldwell  
Caldwell County Electric Membership Corp.,  
Lenoir, North Carolina

An allotment of \$22,000 to finance house wiring and plumbing installations. About 183 farm homes will be served. Construction work is well advanced on the distribution lines being built by the Corporation in Caldwell County.

SOUTH DAKOTA 8006B Union  
Union County Rural Power Company  
Elk Point, South Dakota

Additional allotment of \$101,000 to build 90 miles of line to serve 180 customers in Union County. A total of \$206,000 is now available to build 197 miles of line to serve about 500 customers. Wholesale power will be supplied by the Elk Point municipal plant. It is expected that construction will begin on the first section of the project within a short time.

TENNESSEE 8017 Hardeman  
City of Bolivar,  
Tennessee

Allotment of \$13,200 to build an extension of 12.6 miles to the municipal system to serve 101 customers in Hardeman County. This replaces an allotment made last spring but rescinded because it was impossible to execute a loan contract before the end of the fiscal year. Wholesale power for the lines will be supplied by TVA.

WISCONSIN 8043A Grant  
Cooperative type of organization to be formed in Grant County under the leadership of B. H. Walker, Lancaster, Wisc.

Partial allotment of \$200,000 out of a total of \$490,000 requested to build 442 miles of line to serve 1,391 customers in Grant County. Wholesale power will be supplied by a generating plant near Chipewa Falls, to be built with REA funds.
